Your Ref.

Dear Mr. Nagi,

It was very kind of you to write to thank me and my staff for their help during your 6 weeks visit to Slough Education Office.

It was a great pleasure having you and I hope that you have made many friendships. I was sorry that I could not personally see more of you but I knew that you were carrying out very useful activities in each Department.

I hope that your visit will be of permanent value to you and if any of us can help you do get in touch with us again. You have the satisfaction of knowing that your 6 weeks were not brought to an untimely end by "getting the sack" !

With every good wish,

Yours sincerely,

Borough Education Officer.
